## **Statement of Intent**

Nunthorpe Primary Academy recognises and accepts its responsibilities, accountabilities and duties under current health and safety legislation. It is the Academy's policy to ensure that there is adequate control of all health and safety risks arising from its activities and that all reasonable and practicable steps are taken to provide effective health and safety to employees, partners, visitors, service users and member of the public.

In particular the Academy will ensure, as far as reasonably practicable that

- Plant and equipment, places of work and the working environment are maintained safe with adequate control of health and safety risks.
- Safe systems of work (SSOW) are developed, implemented and appropriately monitored through effective supervision.
- There is consultation with employees on matters affecting their health and safety.
- There is provision of health and safety information, instruction and training to ensure that all employees feel safe and competent when carrying out their duties.
- There is provision and maintenance of safe access to and egress from any place of work.
- There is effective control of hazards which may exist within the workplace through the implementation of suitable and sufficient risk assessments, ensuring that any identified control measures are brought to the attention of relevant employees.
- All accidents, cases of occupational disease, ill health, dangerous occurrences and notifications of assault are reported appropriately recorded and thoroughly investigated.
- The contents of this policy are brought to the attention of all employees and where necessary, other persons who could be affected by Nunthorpe Primary Academy activities.

The health and Safety at Work Act 1974 and all associated an applicable regulations are to be complied with at all times. Employees shall assist in allowing the council to meet its legal obligations by recognising their responsibilities under health and safety legislation.

As Headteacher, I accept the duties and obligations imposed upon me by legislation. I realise the importance of integrating health and safety into decision making and risk management processes within Nunthorpe Primary Academy. Whilst accepting the minimum legal standards set by legislation, Nunthorpe Primary Academy is committed to promoting and maintaining a culture, which aims to consistently produce high standards of health and safety. The process will continue to raise health and safety standards within the Academy beyond the minimum legal requirements. Achieving these high standards will positively contribute to the overall quality of the services provided by the Academy and I will make available adequate resources, proportionate to the risks facing the Academy, to ensure that those standards are met.

Whilst ultimately the final level of responsibility for implementing the Academy's policy rests with me, every employee must take an active role in implementing the Policy effectively. I urge every employee to cooperate fully in the measures the Academy will be taking as part of this policy to ensure, so far as is reasonably practicable, the health and safety of themselves and others

#### **5 PREMISES MANAGER (MRS. A. WILSON)**

---

- 5.1 Some officers may have additional responsibilities as the Premise Manager for offices and other workplaces. In this context, Premise Managers have overall responsibility for the health and safety of all persons and will be expected to work in conjunction with the Head Teacher to ensure the health, safety and welfare within the workplace

## ARRANGEMENTS FOR HEALTH AND SAFETY

---

### 6 POLICY REVIEW

---

- 6.1 This Health and Safety Policy will be reviewed annually.

### 7 COMPETENT PERSONS

---

- 7.1 Competent persons are defined as people with sufficient training and experience or knowledge and other necessary qualities to enable them to apply the provisions of Health and Safety legislation. Appropriate training will be given to enable them to fulfil this role, ie Crossing Patrol Officer.
- 7.2 Other persons who are competent to assist are:
- Health and Safety Officer from the Academy
  - Any other employee who has received appropriate training in a specific or relevant area

### 8 RISK ASSESSMENT

---

- 8.1 Assessments will be carried out by nominated competent persons and will include:
- The risks to the health and safety of employees to which they are exposed whilst at work, and
  - The risks to the health and safety of other persons arising out of or in connection with work activities
- 8.2 The significant findings of the assessment will identify:
- Hazards
  - Risks
  - Group(s) of people especially at risk
  - The existing control measures already in place
  - The effectiveness of those measures
  - A measure of the remaining risk
  - The control measures needed to comply with the requirements or prohibitions of Health and Safety legislation
- 8.3 Appropriate forms are available and should be used to record risk assessments
- 8.4 For new operations, substances, plant and equipment, it is particularly important that assessments are completed before commencement/introduction. Safety must be considered at the planning stage.
- 8.5 Assessments must be reviewed at least every 12 months. In additional assessments must be reviewed whenever there is a reason to suspect that they are no longer valid or there have been significant changes to related matters

- 8.6 Generic risk assessments may be produced to assist commonly occurring hazards and risks. Where generic risk assessments are available, Managers may use them as a template for a more detailed assessment

---

## **9 TRAINING**

---

- 9.1 The Academy will support arrangements that all employees are provided with adequate Health and Safety training
- 9.2 Employees are required to attend Health and Safety training where it is identified as necessary. Employees must co-operate with their employer by attending training as directed.
- 9.3 The identification of training needs will be as a result of:
- Risk assessment
  - Monitoring activities
  - The occurrence of accidents and incidents of violence and aggression
  - New legislation
  - Updated information and technology and
  - New procedures or changes to existing procedures
- 9.4 Where appropriate, the use of new technologies to support training will be used.

---

## **10 SAFETY AUDITS**

---

- 10.1 The Health and Safety Unit will carry out an annual inspection.
- 10.2 All employees are required to co-operate with the safety audit process

---

## **11 ACCIDENTS**

---

- 11.1 Definition: an accident is any unplanned event, which results in, or might have resulted in, personal injury or damage to property, plant and equipment. This definition includes fire and near misses.
- 11.2 All employees are required to report all accidents
- 11.3 The Academy Management will maintain a supply of accident report forms for the Staff within their work area
- 11.4 In the event of an accident to a member of the public, an incident report form must be completed by an employee, not by the member of the public
- 11.5 In all cases the accident should be investigated and the completed form must be signed off by the appropriate manager
- 11.6 In the following cases, a report must be completed:-

- Any fatal or major injury to an employee whilst at work, or to any other person as a result of an accident whilst on the Academy premises
- Any person being taken from the scene of an accident to a hospital for treatment
- Any of the dangerous occurrences listed in the Academy's incident procedure
- Any fire

---

## **12 FIRST AID ARRANGEMENTS**

---

- 12.1 The Academy will appoint designated Fire Aiders
- 12.2 Where there is no designated First Aider, the first aid kit must be the responsibility of a nominated person. Advice regarding the contents of first aid boxes can be obtained from the Health and Safety Team
- 12.3 A First Aider must ensure that a record of all treatment given is kept with the first aid kit and ensure that an incident report is completed.
- 12.4 A list of First Aiders will be posted around the Academy.

---

## **13 PROTECTIVE CLOTHING**

---

- 13.1 Protective clothing and equipment will only be provided when an assessed risk cannot be eliminated or controlled by some better means, or where it is required by law
- 13.2 Where protective clothing or equipment is provided, employees must make full and proper use of it at all times, and as instructed
- 13.3 Employees must keep protective clothing and equipment clean, so far as is reasonably practicable, carry out user checks as required, and make it available for maintenance.

---

## **14 FIRE AND EVACUATION PLAN**

---

- 14.1 The overall aim is to save life. Therefore evacuation is of paramount importance. Staff are not expected to fight fire nor should they go back into the building. It is the responsibility of each teacher to brief their children once a term on the procedures, once the fire alarm goes off. New pupils should also be briefed where appropriate.

---

## **15 PURPOSE OF A FIRE DRILL**

---

- 15.1 Fire drills are intended to ensure, by means of training and rehearsal, that in the event of fire:
- Adults and children, who may be in danger, act in a calm and orderly manner
  - Those with a designated responsibility, carry out their tasks to ensure the safety of all concerned.
  - The escape routes are used in accordance with a predetermined and practised plan.

- Evacuation of the building is achieved in a quick and orderly manner.

---

## 16 EVACUATION PROCEDURES

---

- 16.1 Academy users will practice evacuation procedures by means of unannounced fire drills, which will take place every term.

---

## 17 PROCEDURES

---

- 17.1 Should fire break out in the Academy, it will be the responsibility of staff members to:

- Raise the alarm
- Ensure that pupils and students evacuate the building immediately

- 17.2 On hearing the alarm:

- Direct all pupils and students to walk quietly to the nearest exist and then walk quietly in single file to the assembly points which is on the playground
- Once outside pupils and students line up in class groups
- Ensure that the classroom is empty before leaving and close the doors
- Headteacher and Office staff will check the toilets and smaller teaching rooms on the way out
- Everyone must leave the building by the nearest exit
- The School Business Manager will call the fire brigade and the Headteacher will check with staff that the Academy is empty and everyone is safe before directing the fire brigade to the fire
- The office staff will issue registers and check the signing-in book for the roll call by each class teacher at the assembly point
- The Head Teacher or, in her absence the Deputy Head, will check that all adults and children are accounted for.
- Classes should stand still and quiet until asked to re-enter the building

- 17.3 As the attendance register reflects the true number of pupils and students in Academy at the start of the morning or afternoon, it is important that it is completed quickly and accurately and then returned to the Academy office. Pleasure ensure that pupils or students arriving after registration have reported to the main office

- 17.4 Teachers should also be mindful of any child that is later taken off site for illness or an appointment

- 17.5 If any visitors are present, the adult they are working with should ensure that they know what to do. All visitors sign the register when entering and leaving the Academy. Short time visitors are never left unattended in the Academy and the adult responsible for the area they are in will direct them safety out of the building.

---

## 18 FIRE AND EVACUATION PROCEDURES

---

- 18.1 Nunthorpe Primary Academy will provide a safe and healthy working environment with respect to fire safety. Fire Safety Awareness will be discussed by all staff at the beginning of the new school term and at staff meetings and throughout the year.

---

## 19 DUTIES OF THE FIRE SAFETY CO-ORDINATOR

---

- 19.1 The Caretaker, Mr. Wilkinson is the named person and his responsibilities are as follows:
- Check that all fire doors are free from obstructions and slip/trip hazards
  - Check that all escape routes are clear, eg. classroom exits into the playgrounds and outside areas.
  - Check that all fire doors can be opened quickly and easily
  - Check that all fire resisting doors close properly
  - Check that no fire resisting doors are wedged or propped open
  - General housekeeping standards are adequate and the building is tidy
  - Rubbish and waste materials are not allowed to accumulate
  - There is no storage, especially combustible materials, in unsuitable locations, eg. corridors
  - Waste containers are stored externally in a secure compound

---
