

# Year 1 Maths

At Nunthorpe Primary we have a fun, practical and real-life approach to Mathematics that promotes an enthusiasm for learning and a resilience to challenge. The children tackle new concepts through practical activity, exploration and discussion.

The children data collecting and creating a class bar chart.

Year 1 learning their times tables using the iPads.

Weighing everyday objects using the balance scales and cubes.

Creating a part whole model for number bonds.

Ordering numbers using different equipment.

Creating and drawing the time.
